

## Member Case Study

Team strengthening benefit by networking colleagues

[liftshare.com/business](https://liftshare.com/business)

“Car sharing has been beneficial to me, not only from the **financial point of view** but it also releases the car for my husband to use during the day. I have made good friends with my car share buddy and we have some great conversations on the way to and from work, which **engenders a team spirit in the workplace.**”

Joan Wayland, Peterborough Regional College Staff
